At Nanjing Foreign Language School Xianlin Campus, we devote ourselves to promoting multiple activities such as classroom reforms, foreign language festivals, arts festivals, reading festivals, science and technology festivals, sports festivals, hikes, concerts, student union representative campaigns, talent quests, lectures, debates, etc. These all enable our students to “learn while they play; play while they learn”. On this campus, we are trying to help every student discover themselves and guide them to the right track.

The International Department of Nanjing Foreign Language School Xianlin Campus was established in 2004, with the establishment of the Sino-American Program, the GAC - ACT program, the Sino-Germany program, and the UFS (Sino-Australia) program in ensuing years.

Every year we have over three hundred students entering prestigious universities all around the world. In the twenty years of our established history, we have undergone an arduous yet glorious path. We have gained a remarkable achievement and become a first-class foreign language school in Jiangsu, as well as a top-rated private school in the entire country.

## Principal' words

No school can suit all students, nor can any education system meet the growth demands of all students. It is our ultimate goal to build an educational ecology, with variety and inclusiveness, in which students with different talents and personalities can discover their specific strengths, reach their full potentials, and make their dreams come true.
